

VALLEY Christian School

Be transformed by the renewing of your mind. Rom. 12:2

Instructor: Mrs. Jane Messer

SPANISH I - COURSE DESCRIPTION:

Using the highly acclaimed Power-Glide methodology of language instruction, this course focuses on communication and understanding as the primary goal. It is composed of an adventure-story platform integrating a wide variety of activities each challenging the student in a unique way. The course focuses on using language creatively and spontaneously, embracing The Standards for Foreign Language Learning adopted in 1996 by the American Council on the Teaching of Foreign Language as a more effective method of teaching language. Our goal is to achieve meaningful conversation springing from creative thought in the Spanish language. Our method is a natural process of joyful discovery.
